BUILDING RACIALIZED ENGAGEMENT & COMMUNITY CONNECTIONS

Equity and Diversity Statement by Ross Craddock, President Royal Canadian Legion 15: The Legion remains focused on veterans but over the years has changed to become more inclusive and welcome anyone who wishes to become member to do so. We try to be reflective of the community and Canadian population as whole and as such we do have an EDI council to ensure that we meet those norms. Although each branch may be slightly different relative to past traditions, our Branch is fully open all.
