Jamey spoke to PSAC amendments to Family care and accommodations policies. Yameena is staff person assigned to adhoc committee. Consultation has taken place from 2019 with Access Coordinator Krista Tebutt. PSAC is looking to create a national central repository for DR notes accessible to Regions. Monica can be contacted to ensure there is accommodation in place during transition period. Jeanne voiced concern over shortage of Family Dr's for members and time associated with time it takes to get Dr form filled.
